Financing, a driving force on the healthcare landscape, continues to become more complex. With budgetary pressures on Medicare and Medicaid, pay for performance and federal expectations for investment in technology without regard to costs, executives must constantly monitor the financing landscape. Given these pressures, many questions emerge.

Join Central Illinois American College of Healthcare Executives, Long View Consulting, OSF Saint Anthony Medical Center, and iVantage speakers: David Adcock, David Stenerson, and John Whittlesey for this 90-minute presentation, including Q&A, to get alignment strategies to thrive in an increasingly integrated industry.

With this presentation, you will gain insight and tactics to:

- The outlook for Medicare, Medicaid, and private insurance and their impact on organizational strategy and planning.
- The outlook for pay for performance and consumer-driven products and their impact on organizational strategy and planning.
- The current issues and challenges in providing charity care.
- Strategic approaches to monitoring and adjusting to financing issues.
